DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 15 September 2008 has been entered.

Claims 8, 12, 17, and 18 have been amended.

2. Claims 1-36 are pending and under consideration.

Rejections Withdrawn

3. The rejection of claim 12 under 35 U.S.C. 112, second paragraph, indefiniteness for "any of claim", is withdrawn in light of the amendment of the claim.

4. The rejection of claims 8-14 under 35 U.S.C. 112, second paragraph, indefiniteness for "exchanging", is withdrawn in light of the amendment of the claims.

5. The rejection of claim 18 under 35 U.S.C. 112, second paragraph, as being indefinite for "methods", is withdrawn in light of the amendment of the claim.

6. The rejection of claims 15-17 and 19-24 under 35 U.S.C. 112, second paragraph, as being indefinite for dependence from rejected claims, is withdrawn.

Claim Rejections - 35 USC § 102

7. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 1645

8. Claims 1-13 and 35 are rejected under 35 U.S.C. 102(b) as being anticipated by Bredt et al (U.S. Pat. No. 5,084,561, 28 January 1992).

Claims 1-7 are drawn to a product, i.e., composition of a hydrophobic protein, comprising a hydrophobic protein, an amount of a zwitterionic detergent that is less than the amount required to solubilize the protein, and an amount of a pharmaceutically acceptable nonionic detergent effective to maintain solubility of the protein in a pharmaceutically acceptable carrier. Claims 8-13 and 35 are drawn to methods of making said product.

Bredt et al teach the claimed product as an intermediate product in the methods for purification of a 168 kD protein from *M. pneumoniae* using zwitterionic and non-ionic detergents (abstract; col. 2, lines 29-39; col. 3, line 24 to col. 4, line 32; Example 2).

Claim Rejections - 35 USC § 112

9. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

10. Claims 14-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claims depend from rejected claims.

Conclusion

11. Claims 1-16 and 35 are rejected.
